

Product Cut Sheet

CABLE RUNWAY E-BEND

Creates a 90 degree gradual sweep in horizontal plane for cable runway runs. Designed for cabling in conformance with Category 5 minimum bend radius requirements (typically 4 times the cable diameter). Made of lightweight 1-1/2" x 3/8" tubular steel to fit standard cable runway. Cross members welded at approximately 23 degree increments.

- Conforms to Category 5/5e/6 requirements
- Easy installation using CPI Butt-Splices (P/N 11301-X01 or 16301-X01, not included)

Part Number 9\"/>

Note: Gold E-Bends are UL Classified
