

ICM Corp.'s Offers A Full Line Of Plenum And CCTV Connectors

ICM Corp. offers a full line of F-Conn Plenum and Security/ CCTV Compression Connectors

ICM Corp. has created a full line of Plenum Compression Connectors to easily work with a large variety of plenum cable sizes. Today professional installers must be conscious of laws that require specialized plenum cabling for installations running throughout spaces that are used for air circulation.

ICM Corp. also offers Security Compression Connectors that are designed specifically for CCTV coax cable manufactured with a copper braiding and copper center conductor. Both the plenum and security compression connectors utilize our TRUE 360° compression technology allowing professional installers to create a reliable, rock-solid connection each and every time. The F-Conn Plenum and Security Compression Connectors patented design eliminates ingress and egress while providing superior pullout strength.

ICM Corp. designs and manufactures these great products in our own facilities to guarantee our customers are receiving high-quality, superior performance products. ICM's F-Conn compression connectors and Cable Pro compression tools work together as a fully integrated system to create reliable, rock-solid connections.

*Cable sizes may vary by manufacturer. Please verify your cable specifications with ICM Corp.'s cable/connector sizing chart located at www.icmcorp.net.

ICM Corp. offers F-Conn Plenum and Security (CCTV) Compression Connectors for the Double Bubble™ System

The Double Bubble™ Plenum and Security (CCTV) connector series are available in nickel for F, RCA and BNC connector types. The DB™ connectors work with the CPLCRBC-B Double Bubble™ Compression Tool utilizing ICM's patented "double bubble" compression technology.

FEATURES:

- Available in F, RCA and BNC for a Variety of RG59 and RG6 Plenum Cable Sizes
- Multiple Plenum Sizes Ensure a Precise Fit & Optimum Performance
- Utilizes TRUE 360° Compression Technology
- Exceptional Pull-out Force

CPLCRBC-B Compression Tool

- Use the CPLCCT-SLM Tool for FS Series of Plenum Connectors

PSA59/6 Cable Strip Tool

- Preps RG59 and RG6 cables

CPLCRBC-B Compression Tool

- Use the CPLCRBC-B Tool for ICM's Double Bubble™ line of connectors
