

designed to be better.™

The Evolution[™] Series. Pathways to the future.

Take your open space into the future. Where floor, wall and ceiling capabilities work together—and work with your décor. Delivering more A/V, power and communications exactly where you need them most. For performance that takes you to the next generation of connectivity.

The Evolution Series Floor Box

The Evolution Series Ceiling Box

The Evolution Series Poke-Thru Device

The Evolution Series Wall Box

FLOOR BOXES THAT NEVER BOX YOU IN.

Working with any floor type, including wood, concrete and raised floors. Blending flawlessly from the outside in with five exterior finish options and a fully finished interior. Integrating everywhere—and changing everything.

CEILING BOXES THAT REACH NEW HEIGHTS.

Raising A/V equipment high up. Freeing your crowded space from racks and credenzas while smoothly integrating with any 2x2 ceiling tile. With six options, this box goes above and beyond expectations.

POKE-THRU DEVICES THAT STAND OUT FROM THE COMPETITION.

Protecting all your important connections below floor level. Hidden under a tripresistant cover, devices deliver up to 5 full gangs of capacity. So you stay protected and connected, and your open space stays wide open.

WALL BOXES THAT HAVE NO BOUNDARIES.

Featuring a sleek, low-profile design. Allowing you to hang even the flattest screen display flush against the wall. Perfect for conference rooms, patient care areas, airports—anywhere multimedia is required.
